

## Interview

By Danielle Prazak

With Caitlin McDermott

Q What is something about UIUC that bothers you?

A I don't like that we can't get into other dining halls or a la carte locations with our Icards.

Q Why do you think that we are restricted from doing so?

A Probably for safety reasons. So that we can't get into the other dorms.

Q What suggestions do you have for changed to be made?

A They should allow all students to use their Icards just for the food places. Not to get in the hallways or anything.

Q Do you feel that other students could be potential threats to each other?

A No because they always say we should be worried about outsiders causing harm not the students themselves.

---

To complete the story I will get opinions from other students, cafeteria workers, and talk to administration to ask them about why this is the way it is, and also if they would ever consider changing the way it is set up.
