Interview Jaliesa Johnson

What year are you?

Freshman

Where are you living?

I stay in Snyder.

Is that part of the six pack?

Yes

Where do you normally go to eat?

I go to the Caffeinator or to I57

What meal plan do you have?

I have the 10/45.

What are your thoughts on students not being able to get into other dining halls with their icards?

I don't know if it's true but I heard that with your icard you can get into certain buildings, you just won't have access to the different floors. I know like at ISR chomps is in the basement so even though you can get into the building you probably couldn't go downstairs to chomps. I think we should have access to more eating areas. You know, we shouldn't have to call a friend to let us in so we can go get something to eat.
