Kenya: Please state your name.

Jasmine: Jasmine Atkins

Kenya: Which dorm do you stay in?

Jasmine: FAR

Kenya: Overall, how do you like living in FAR?

Jasmine: It is okay but it could be better. You get what you pay for.

Kenya: Why do you feel this way?

Jasmine: Compared to the new modern dorms and dorms in general, FAR and PAR like black substances ... I guess .

Kenya: Overall, do you feel safe in FAR?

Jasmine: I mean yeah besides the fact people are getting robbed with the doors locked... that is weird. And I guess people can follow you in the dorm and you can't really stop that and you can't really be like stop and pull out your ID.

Kenya: Do you feel safe in your dorm by yourself?

Jasmine: Yeah

Kenya: Why do you feel so safe after mentioning your statement before?

Jasmine: Cause one I know how to fight and so if someone try to come get me, I am going to get them.

Kenya: Well, you said you noticed the students holding the doors for others behind them. Do you hold the doors for others?

Jasmine: Yeah

Kenya: How do you know if they are a stranger or not?

Jasmine: I don't know.

Kenya: Does this make you uncomfortable, knowing that a stranger could easily come in?

Jasmine: Not uncomfortable but it is a safety precautions because I know that if we don't have a certain ID we can't get in certain buildings but all we gotta do is just wait for someone to let us in. So, I think that is kinda scary but you just gotta have faith.

Kenya: What do you think the campus can do to make sure the students are safe?

Jasmine: To be honest, I say nothing... If something happens it is just bound to happen. I don't think they can stop every situation.
