Bromley Laundry

Me: Can you tell me your name?

JG: I'm Jordyn

Me: And what year are you?

JG: I'm a freshman

Me: Ok, so how often do you usually wash your clothes in Bromley?

JG: Probably...like once a week.

Me: And how long does it usually take you do that.

JG: Well each load is like 30 minutes and theres usually like a couple loads so it takes like around two hours.

Me: And how much on average do you think you spend on laundry?

JG: Probably like around seven dollars

Me: Ok... and have you ever had trouble with the bromley laundry and if so can you share some of those experiences?

JG: Um.... yes because the dryers never work so you have to dry them multiple times and even when you dry them multiple times they still aren't dry.

Me: So you usually have to do it more than once, correct?

JG: Yes.

Me: And is there anything else or any other experiences you would like to share with me about it?

JG: Um, i think thats my biggest concern.

Me: Alright, thank you so much.
