My sources thus far have had contradicting statements when compared to one another. I am concerned that my story is not as interesting as I previously believed. I emailed the housing office to hopefully have them clear some questions up for me so that I will be able to continue my student interviews. So far I have two student interviews, one with Caitlin McDermott and one with Jaliesa Johnson. They each said different things about their ability to access other dining hall a la carte locations so hopefully the confusion will be cleared up and I will be able to refocus my angle for the story I originally planned to write. I believe my article will end up being less interesting than I hoped but will definitely be more informative and helpful to prospective students. Caitlin had said she was not able to get into a different dining hall using her icard. Jaliesa said that she heard you can access dining halls and a la carte locations using your icard. Hopefully the housing office will email me back in a short amount of time so that I can continue to work on my story.
