

Is Bromley cheating residents with hidden cost?

Interviewed: Jordyn Gauger "... the dryers never work so you have to dry them multiple times and even when you dry them multiple times they still aren't dry.

Jimmy Kumpin "I rarely wash my clothes because I don't want to deal with the dryers here."

Savannah Duncan "I have to refill my card almost every week if I want clean clothes."

Quinn Mcgawen "I had to sleep with a damp comforter because it came out of the dryer wet and I didn't have enough money on my card to dry it again."

I am going to look into this and maybe try to contact the head of Bromley to discuss why we have to pay for our laundry and see if there is a specific reason. The fact that we pay so much for our housing yet we have to pay for laundry - which is somewhat expensive if you are doing it every week.
